

## Push to Talk

### Connect with the push of a button

Instantly talk across the largest Push to Talk (PTT) network in America with the push of a button. Enjoy all of the extra features that come with AT&T Push to Talk, such as Quick Groups, Call Waiting and Availability Status

Push to talk is a walkie-talkie type service that allows you to instantly reach other by eliminating the dialing and ringing steps in a regular cellular call. Push to Talk calls can be made to one person or to a group of people.

### How Does it Work?

- Press the PTT key and follow the prompts
- Once initialized, you will need to add other AT&T PTT subscribers into your PTT Contacts in order to place a call to them
- After adding and saving your contacts, press and release the PTT Key to view individuals and groups.
- Highlight the person you wish to call, then push and hold the PTT Key

### What does it cost?

\$5 (Unlimited Access)

\$15 (Family)

### Lifestyle:

- ▶ Work          Play          ▶ Family

### Operating System Requirements:

Windows          Blackberry          Symbian

### How do I get it on my phone?

- Available when you activate or upgrade service or simply contact your Spring representative to have this added to your account
