

Video Share

A picture is worth a thousand words, but being there is priceless!
Video Share is an exclusive service from AT&T that enables one-way, live streaming video that allows other to see what you see during your conversation. Beginning with a normal wireless phone call, you can hit one button to begin sharing live video

Imagine the possibilities for keeping in touch with family, getting shopping advice, or just sharing that random crazy moment you have to see to believe. Once a Video Share call has been initiated, you are also able to switch the direction of the video stream during the same phone call

How Does it Work?

- Initiate a phone call with another Video Share compatible phone
- Connect the video by selecting the video share option
- The user on the other end simply accepts and your are connected

What does it cost?

\$4.99 Starter (25 Video Share Minutes)

\$9.99 Plus (60 Video Share Minutes)

Lifestyle:

- ▶ Work ▶ Play ▶ Family

Operating System Requirements:

Windows Blackberry Symbian

How do I get it on my phone?

- Available when you activate or upgrade service or simply contact your Spring representative to have this added to your account
