

## Viigo

### About viigo

Viigo is a brand new, intuitive, mobile-friendly interface, delivering a wide range of customizable content and services from some of the world's leading content providers and publishers. You'll enjoy breaking news, rich weather, real-time sports scores, stocks and finance, audio and podcasts, entertainment, and blogs in one simple, freely downloadable application. Just click and go...with Viigo!

- **Enhanced and compelling mobile experience**—consume information your way in a format that's tailored for your device
- **Unrivalled collection of exciting content all in one place**—no need to clutter your device with multiple applications that offer different user experiences
- **Fully-customizable interface**—choose what, how, and when information is delivered, whether you've got connectivity or not

### How Does it Work?

- Channels for information are displayed on your Viigo home screen
- A channel is web content or services you subscribe to from a website
- Edit your channels to give you instant access to the information that matters most to you

---

### What does it cost?

Free  
(Media Bundle Package recommend)

### Lifestyle:

- ▶ Work      ▶ Play      Family

### Operating System Requirements:

- ▶ Windows   ▶ Blackberry   Symbian

---

### How do I get it on my phone?

- Go to <http://www.getviigo.com> from your computer and Enter account your phone number
- A text message will be sent to your phone that will enable you to download viigo right to your phone.
- Launch the application and set up account information and complete the activation process

---
